

- A. Take a position on global warming. Is it affecting certain biomes? Explain your position and give evidence supporting your position.

**OR**

- B. Pick ten things that you like to eat, with 5 of those things being animals (like chicken or beef) and 5 being plants. Using the internet, research what foods those animals eat that you eat. Make a food web with you and the 10 things you like to eat (and the things they like to eat). Label the producers and the consumers in your food web.

**Work Due**

1. Carrying Capacity (yellow sheet)
2. Biomes Reading (both sides ALL questions)
3. Writing (A or B)
4. Biomes Flip Book
